These Blessings, Reader, may Heav'n grant to thee:
A faithful Friend, equal in Love's degree;
Land fruitful, never conscious of the Curse,
A liberal Heart and never-failing Purse;
A smiling Conscience, a contented mind;
A temp'rate Knowledge with true Wisdom join'd;
A Life as long as fair, and when expir'd,
A kindly Death, unfear'd as undesir'd.

ECLIPSES 1745

THIS Year we shall have but two Eclipses and they will be both of the Sun, but neither of them will be visible here.

The first of these will happen on the 21st Day of *March* about 10 at Night, and therefore invisible; but in the *East-Indies*, in the Northern *Philippine Islands*, and thereabouts, it will be a very great Eclipse.

The second Eclipse of the Sun, will happen *September* 14, in the Morning. It will be visible on the Earth from 2 minutes after 9 in the Morning to 18 minutes after 2 in the Afternoon. It will be a very great Eclipse, and in part of *Terra Firma*, near the Line, it will be Total in their Zenith. In *Jamaica* the Sun will be eclipsed 7 Digits near the Meridian; but in this Place the visible Latitude of the Moon, at the Time of the visible Conjunction being nearly equal to the Sum of the Apparent Semidiameter of the Sun and Moon, the Eclipse will be very small here, if any.

But according to thefollowing Calculation communicated by an Anonymous Friend, a smal Appearance may be expected in our Hemisphere, *viz.*

The	Beginning	9 51	Morn.
	Greatest Obscuration	10 32	
	Visible Conjunction	10 45	
	End of the Eclipse	11 15	
	Total Duration	1 24	
	Digits eclipsed	2 19	

The Appearance will be on the Southern Side of the Sun.

COURTS.

The Christian Doctrine teaches to believe
It's every Christian's Duty, to forgive.
Could we forgive as fast as Men offend
The Laws slow Progresses would quickly end.
Revenge of past Offences is the Cause
Why peaceful Minds consented to have Laws.
Yet Plaintiffs and Defendants much mistake
Their Cure, and their Diseases lasting make;
For to be reconcil'd, and to comply,
Would prove their cheap and shortest Remedy.
